**Tobin + Parnes Design Enterprises Honored by
Parker Jewish Institute at November 2 Gala**

New York, NY (November 2009) - Tobin + Parnes Design Enterprises (TPDE) was recently honored at the Parker Jewish Institute Foundation's Annual Gala held at the Museum of The City of New York.

Parker Jewish Institute (PJI), a New York City-area health and rehabilitation organization, praised Tobin+Parnes principals, Carol Tobin and Robert Parnes, for their firm's architectural and design excellence and for helping Parker lead the way in creating built environments that contribute to life-enhancing human care.

TPDE and PJI have enjoyed a successful five-year collaboration and share a common vision to create elder-centered communities where the physical environment is part of the treatment that promotes individual wellness.

"We are thrilled and honored to receive such an important accolade from the Parker Jewish Institute," says Carol Tobin. "It has been a fulfilling and inspiring experience to work with an organization committed to providing superior programs and compassionate health care in culturally enriched environments."

Chris Ferreri, Vice President/Administration at Parker says, "TPDE has provided our facility with a fresh new look that has improved the overall quality of life for our patients and residents. They are knowledgeable and their designs and concepts represent the latest culture change research. They share our mission and belief that common purpose always produces the best results."

About Tobin + Parnes

Tobin + Parnes Design Enterprises is a full-service design and architecture firm dedicated to providing outstanding design solutions for a broad range of clients on a highly individualized basis. Tobin + Parnes works with top researchers, contractors and consultants from all over the country to stay on the cutting edge of design, building and material developments.
